Lennart GÜthling, Managing Director

Dear friends around the world,

At the Humboldt-Institut one highlight is followed by another. Last year we celebrated our 40th anniversary and this year we are very happy to welcome the 70,000th student in the history of the Humboldt-Institut!

Despite the many celebrations we are continuing to improve our offers. In the upcoming year the number of course centers rises to 18. In July 2019 the Humboldt-Institut is going to offer German language courses in Freiburg again. This summer course in one of the sunniest and most beautiful cities of Germany is open for students ages 14 to 18 and was again added to our course program after a five-year break.

But there are also news from our year-round course centers: in Bad Schussenried our new reception desk and the leisure hall add to the warm welcome of our students. In Lindenberg the dining hall was enlarged and renovated so that our students will enjoy the fresh and delicious cuisine even more.

You will find all of these improvements as well as the 2019 dates & fees in the enclosed brochure. We wish you a happy and successful 2019 and are looking forward to welcoming you soon in one of our schools!

Yours,

Norbert GÜthling

Lennart GÜthling

Why Humboldt?

Humboldt-Institut e.V. is a non-profit organization for teaching German as a foreign language. From a single program center at its administrative headquarters in Ratzenried Castle, the Humboldt-Institut has grown to a network of 18 program sites throughout Germany. Our success rests on giving each and every student exactly the support they need:

Small Classes and Intensive Instruction

Our students are taught by highly motivated native speakers with university degrees in classes averaging 10 participants. An Intensive Course 30 meets 30 lessons per week (45 minute sessions)—more than at most other institutions.

More Than 40 Years of Experience

Our customers benefit from more than 40 years of experience with German courses for over 70,000 satisfied participants from more than 160 countries.

A Faster Road to Success

No other school prepares its participants more quickly or efficiently for the TestDaF or telc Deutsch C1 Hochschule exams for German as a foreign language. Beginners with no prior knowledge of German can successfully pass both exams after just 8 months at the Humboldt-Institut.

Recognized Exams

Humboldt offers the TestDaF, TestAS and telc exams, which are internationally recognized and improve students' chances in academics and their careers.

Transparent Costs

Our prices are transparent. Course fees generally include instruction, room and full board, course materials, extracurricular activities and excursions. There are no hidden costs!

Safety and Support Around the Clock

We provide support and supervision for our youths and teens 24 hours a day. Someone they can trust and talk to is always nearby.

Family Atmosphere

Humboldt-Institut schools are boarding schools, a format that enhances students' success and their enthusiasm for the program's community experience. We do everything we can to make our students feel at home from their very first day with us.

Studying Throughout the Year

Our year-round centers offer German instruction 365 days a year.

As you can see, the Humboldt-Institut optimizes student success in the shortest possible amount of time, all while making it fun to study in a motivating, German-language learning environment. We have the right German program for you!

Types of Programs

One of the Humboldt-Institut's strengths is the intensity of instruction due to the high amount of lessons per week, the small class sizes as well as our own curriculum. The following types of programs are available:

Intensive Course 30

30 lessons per week

Intensive Course 25

25 lessons per week

One-to-one Intensive Course 25, 30, 40

25, 30 and 40 lessons per week

Classes

Classes are held Monday through Friday except on some bank holidays. One-to-one courses are taught regardless of bank holidays. Each class lasts for 45 minutes and is usually attended by approx. 10 students. Classroom instruction focuses on listening and reading comprehension, writing skills, speaking skills and grammar.

Bank Holidays (Without Lessons)

January 1, May 1, October 3, November 1 (except Berlin), December 25, 2019

Finding the Right Level

All students are expected to take a placement test on the day of arrival or the first day of their course. Based on their results students will be assigned to a class of their language level. During the summer months the first day is reserved for the placement test, i. e., the rest of the day is generally for orientation without instruction.

We distinguish the following 6 levels according to the Common European Framework of Reference for Languages (CEFR):

Level		Duration
A1	Elementary 1 also for total beginners	5 weeks
A2	Elementary 2	5 weeks
B1	Intermediate 1	5 weeks
B2.1	Intermediate 2.1	5 weeks
B2.2	Intermediate 2.2 leads to telc Deutsch B2	5 weeks
C1.1	Advanced 1.1 leads to TestDaF	5 weeks
C1.2	Advanced 1.2 leads to telc Deutsch C1 Hochschule	5 weeks
C2.1	Advanced 2.1	5 weeks
C2.2	Advanced 2.2	5 weeks
total duration		45 weeks

The duration is based on courses with 30 lessons per week.

Online Placement Test

If you wish to test your German skills in advance, you may do so by taking our online test: einstufung.humboldt-institut.org. However, the online placement test is not a substitute for the placement test which is held on the first day of classes.

Accommodation and Board

Students are generally housed in boarding schools and facilities with group accommodations. Students in Meersburg, Lindenberg and Berlin-Mitte also stay with host families. Full board is included in the course fee for most of our program sites.

Outside of Class

Our after-class program keeps students active and offers a wide variety of options, with program supervisors motivating even shy students to participate in activities.

Supervision

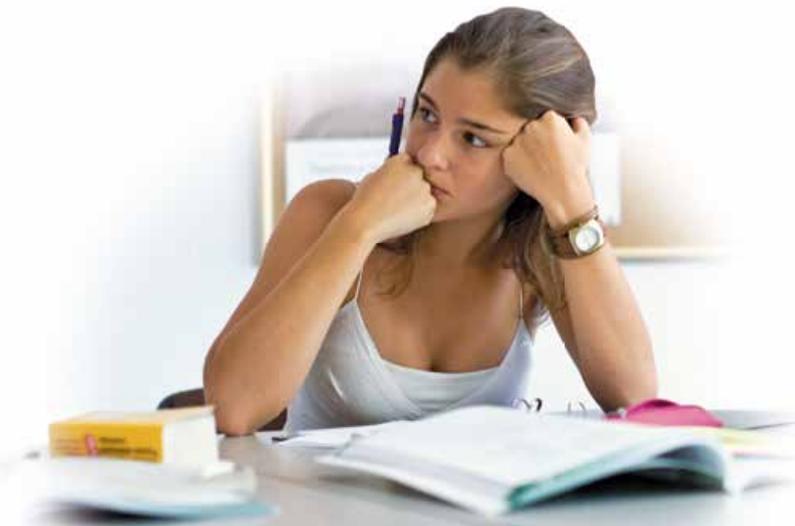

Supervisors answer questions and solve problems while maintaining a positive, committed attitude towards all of the students' questions and concerns. They make sure that school rules are observed day and night at locations hosting children and teenagers, while guaranteeing reliable, round-the-clock supervision for all underage students.

Teachers

Our teachers are highly trained native speakers with university degrees, who use modern teaching methods.

Teaching Material

The Humboldt Institute provides its students with all of the course materials and textbooks they need at no charge.

Homework

Teachers daily assign homework so that students can build upon what they have learned and be prepared for class. Homework assignments are of reasonable size so that students still have plenty of time for extracurricular activities. Written homework is corrected and handed back to students so that they can monitor their progress.

Weekly and Skill-level Tests

Participants in all programs take a weekly test so that students and teachers can assess the progress made during the preceding week. Comprehensive exams are written at the conclusion of each level.

Certificates

At the end of the program after a final exam all participants are awarded a certificate confirming the number of lessons attended as well as the skill level that the student has achieved. Grades are given for listening and reading comprehension, oral and written expression and grammar skills.

Transfers

Transfers to and from the airport are done as group transfers. However, efforts are made to keep the waiting time of individual students down to no more than one hour. Please inquire about the fees for transfers which take place outside of the traditional arrival and departure days (Sunday / Saturday).

Examinations

Students at the Humboldt-Institut can complete internationally recognized, standardized exams at all levels of the Common European Framework of Reference for Languages. The following overview shows the exams along with the language level certification students will obtain if they pass a given exam:

Age	Language Examination	Test Center
10-13	telc A1 Junior telc A2 Schule telc B1 Schule	Bad Schussenried
13-17	telc A1 telc A2 Schule telc B1 Schule telc B2	Bad Schussenried
18+	telc B1 telc B2 telc C1 Hochschule TestDaF	Berlin-Mitte, Constance
18+	TestAS	Berlin-Mitte

telc

telc GmbH (The European Language Certificates) is an internationally recognized test provider. Language certificates offered by telc are geared towards the Common European Framework of Reference for Languages, making them internationally comparable and improving students' educational and professional opportunities.

telc Deutsch A1 – B2

These general language exams let you show how well you have mastered the German language in daily situations, such as trips, leisure activities or at work. Each exam consists of a written individual test as well as an oral exam conducted with another student or in a group.

telc Deutsch A1 Junior

The child-friendly format of this exam is geared towards our youngest learners. The test does not take long to complete, which, along with its use of pictures and its simple and easy-to-understand tasks, tailors it to the cognitive abilities of children.

telc Deutsch A2 and B1 Schule

Since their format corresponds to that of general language exams, these exams for secondary school students are equivalent to the more general exams. The telc Deutsch Schule exams, however, also cover subject matters geared specifically to young people's life and to what they know, i. e., their leisure time, their friends, what they do

for fun, and what it's like to live in another country. A telc exam also allows young people to demonstrate their commitment, interest and determination.

telc Deutsch C1 Hochschule

This exam is geared towards adults who would like to demonstrate their German language skills because they wish to begin studying, are already studying or hope to work in an academic field at a German university. This exam tests advanced German skills needed at university level.

Dates for group telc exams may be scheduled upon request

Registration deadline:

23 days before the test date. Later registrations will only be accepted upon agreement and for an additional fee.

Tests will take 5 weeks minimum to correct.

TestAS

The TestAS (test for foreign students) is a centralized, standardized test that assesses the aptitude of foreign students for university studies. For interested students from abroad, the TestAS result provides information on how they compare to other applicants and increases the chance for admission to a German university.

Exam dates and the registration form can be found on www.testas.de.

TestDaF

("Test Deutsch als Fremdsprache")

The TestDaF exam demonstrates that a candidate has sufficient German skills for admission to a German university if he or she earns the minimum TestDaF level of 4 in each of the four exam sections. As a standardized exam for meeting university language requirements, the TestDaF is the equivalent of the DSH exam, while offering numerous other advantages: students may take the exam as many times as they wish and, thanks to the uniformity of the exam, they can target specific areas as they prepare.

The TestDaF also provides evidence of language ability for anyone who wants to do research in Germany or who wants to document high language skills.

Humboldt students with no prior knowledge of German would need roughly 8 months to reach the required level of language skills. The Humboldt-Institut has licensed testing centers in Constance and Berlin.

Experience two cities

With the combination of courses in Berlin and Constance our learners have the incomparable opportunity to experience two uniquely distinct university towns which demonstrate the diversity of Germany in landscape and in culture.

Berlin—Germany's capital and by far largest city—impresses with more than 3.5 million inhabitants and an incredible variety of sights and cultural offers.

Constance, however, seems to be unhurried and laid-back with only 85,000 inhabitants, while it is rated as one of Germany's towns with the highest quality of life due to its gorgeous location right next to Lake Constance and its proximity to Switzerland and the Alps.

With our combination offer you can sample and immerse yourself into these two cities in two very different regions of Germany within only a short time.

German + University

ages 18 plus

The Concept

"Made in Germany" is a synonym for quality the world over, and studying in Germany gives international students a clear edge over their competitors on the international job market. Germany compares well to the rest of the world in terms of higher education, offering high quality and ideal research opportunities. Plus, studying in Germany is quite affordable compared to other countries.

The Program

Invest in your future today: the Humboldt-Institut provides consultation and support to students in our intensive courses seeking university placement in Germany. We will review your high-school and/or other academic records from your home countries and determine whether you qualify for direct or indirect admission to a German university.

Our course centers in Berlin's Mitte district and in Constance help incoming university students reach the language level they need (B1/B2 for preparatory programs and C1 for universities) in an extremely short period of time. You will stay in affiliated guest accommodations, where you will live right on site in an international—yet German-speaking—environment so you can dedicate your full attention to your German studies. Room and full board plus after-class activities (entrance fees not included) are included in course fees.

The optional application service covers a total of 3 applications at universities in Germany. We make sure that your application is complete and submitted on time to maximize your chances of getting admitted to university in Germany.

Health Insurance

Health insurance provided by the Humboldt-Institut (€ 2.- per day) is only valid for the duration of the language program—not while pursuing university studies. For this reason, we recommend that participants secure health insurance in their home country for the entire duration of their stay.

Enrollment

The program operates all year round and is timed to coincide with the summer and winter semesters schedule at German universities.

Bad Schussenried

ages 10-13 and 14-17

The City

Bad Schussenried is a historic monastery town with 8,300 inhabitants located in the beautiful, idyllic hill country between Lake Constance and the Danube and Iller rivers. Our school is housed in a modern complex nestled between a lovely park and an extensive outdoor recreation area. Students can walk to central Bad Schussenried in approximately 5 minutes.

As a boarding school, our program center combines classrooms, leisure facilities and student rooms at one site. With space for up to 300 students from all over the world, Bad Schussenried is Germany's largest boarding school for studying German as a foreign language. The school is open year round and has incredible infrastructure that allows students to pursue countless athletic and recreational activities, both indoors and outdoors.

Schmallenberg

ages 14-18

The City

Schmallenberg is a typical town in the Sauerland, an area known as the "land of a thousand mountains." Anyone who has ever been there will understand why the region has a reputation as one of Germany's most popular vacation destinations. With 26,000 residents, Schmallenberg is a quiet resort town with a charming, historical city center studded with half-timbered houses and narrow alleys.

Our students are guests at the Bad Fredeburg Academy, which is located in a district of Schmallenberg. The very picturesque center of this little town is only a few minutes' walk from the school. Classes take place in the local school, only 150m away from the academy. The academy is located in a very quiet area surrounded by parks. Students can soak up the peaceful atmosphere of the grounds and the town. Schmallenberg is especially popular for its flexible system of courses, with weekly arrival and departure.

The City

Mountains so close you can almost touch them: located in the middle of the Allgäu region—a popular holiday destination—Kempten's location is ideal for day trips to the peaks of the Allgäu Alps, to Lake Constance and to the world-famous Neuschwanstein Castle. The neighboring countries of Austria and Switzerland are a short trip from the school, as is the Munich metropolitan area. Even the Romans appreciated this favorable location, founding their city of Cambodunum and making Kempten one of the oldest cities in Germany. Whether you are interested in the many recreational opportunities in the surrounding area or in a stroll through downtown, Kempten has plenty to offer, no matter what your tastes.

Meersburg

ages 15-18

The City

Our students are hosted by convivial, welcoming families or at the JUFA hotel in this small, thousand-year-old town located on the shores of Lake Constance and nestled among orchards and vineyards. The view extends from the Allgäu region of Bavaria, across the Vorarlberg region of Austria and on to the imposing peaks of the Swiss Alps. The mild climate draws many international visitors to the lake, where they can visit such landmarks as Meersburg's almost 1,400 year-old fortress and its baroque palace.

The City

With its over 3.5 million inhabitants, the city of Berlin is a fantastic program site, and not just for adults—it also offers much for teenagers, with the Brandenburg Gate, the remains of the Berlin Wall and the world-famous Reichstag all serving as witnesses to Germany's history. Our students can enjoy the flair of the capital, a visit to the Berlin Zoo—home to the greatest variety of species—or a leisurely stroll through the city. The fascinating blend of cultures, the wealth of museums, some of the world's most modern architecture and outstanding cultural events all justify Berlin's reputation as a metropolis of superlatives and guarantee an unforgettable summer for the students.

Düsseldorf

ages 14-18

The City

With a population of some 600,000 inhabitants, Düsseldorf is seen as one of Germany's most interesting and popular major cities. Enjoy a stroll along the banks of the Rhine at the "Rheinuferpromenade" which links the traditional historic city center with the contemporary media harbor. The "Kö," the bustling shopping street, is another wonderful place to take in the sights, and as a cultural metropolis, Düsseldorf appeals to people from around the world. The city on the Rhine is famous for the joie de vivre of its residents, and it has an almost Mediterranean flair, particularly in the summer. Our house offers high-standard accommodations and is located directly on the Rhine with a view of the historic city center. Most major sightseeing attractions are within easy walking distance.

Vienna (Austria)

ages 15-18

The City

Vienna, the city with the highest quality of life in the world, unites tradition and modernity in its own unique way. With 1.8 million inhabitants, Vienna is both Austria's capital and its largest city—and the site of the first and only Humboldt-Institut center in neighboring Austria. A true highlight of this program site is the location of our German courses: on board of a school ship right along the Danube island! After class, Vienna also offers what may be the world's finest cultural scene: besides the old town and Schönbrunn Palace, both of which are UNESCO World Cultural Heritage sites, Vienna also boasts countless royal residences and palaces, museums, famous buildings and landmarks, the most internationally known of which are St. Stephen's Cathedral and the Ferris wheel in the Prater park. But architectural monuments are not all that Vienna has to offer: coffeehouses, Sachertorte, Wiener Schnitzel and the Naschmarkt—the city's wide variety of attractions cater to every taste!

The Place

Reimlingen lies just 4 kilometers south of the medieval town of Nördlingen. Castles, fortresses and old customs are the stock and trade of the surrounding Nördlinger Ries, a region known for its breathtaking land formations produced over 15 million years ago by cataclysmic natural forces. Students are housed at the Reimlingen conference center, an extremely well-maintained facility situated far from busy streets in a lovely park set up for numerous types of sports and recreation.

Heessen Castle

ages 9-13

The Place

Heessen is a district of the town Hamm in North-Rhine Westphalia in the Ruhr metropolitan region. The former mining town Hamm is nowadays known for its varied cultural offers and many public green spaces, among them Maximilian Park with its glass elephant, one of the major landmarks of the city. The spacious school premises of Heessen Castle combine tradition and modern comfort and offer our young guests not only a great variety of leisure time opportunities, but also a school canteen which is certified by the German Nutrition Society. There are many attractive destinations in the region for our Saturday excursions, among them the metropolis Cologne, with the world famous cathedral "Kölner Dom" and one of the children's all time favorites, the chocolate museum.

Wittgenstein Castle

ages 7-11

The Place

Situated on a hill overlooking the historic town of Bad Laasphe, Wittgenstein Castle is our program site for our youngest students. The town is located some 120 km east of Cologne and surrounded by an idyllic landscape, with the Lahn River winding its way past the half-timbered houses in the historic center of town.

Our school is located in the famous Wittgenstein Castle, which includes both historical and modern buildings and offers a wide range of opportunities for sports and recreational activities. One special feature of this center is that the school has its own stables and offers an optional riding course.

German for accompanying parents

We are pleased to offer a German course that you can take at the same location as your child. Held in the mornings, your class will be separate from the children's classes, as the course contents will be different: children's courses aim to improve all of the language skills your child will need later on when taking German classes at home; the objective for parents, however, is to teach practical German that will be useful for everyday life. Course offerings cover levels A1 through A2. While you will be housed separately from the children (in private rooms in the castle) and participate, in some cases, in separate recreational activities, weekend excursions will be offered for parents and children together.

Parents' Course

- 25 lessons per week
- Mini groups (2-4 participants per group)
- Levels: A1, A2

Accommodation for Parents

- Beautiful twin rooms (with shower/WC) in the castle
- 3 main meals and 2 snacks

Date

June 30 - July 20, 2019 (3 weeks)

Fees

€ 4,590.- twin rooms in the castle (3 weeks)
€ 585.- surcharge single accommodation (3 weeks)

Included are

Lessons, teaching material, accommodation, full board, daily leisure program, weekly excursions, entrance fees, a certificate and 24-hour supervision for the children

Leisure Activities & Excursions

You are more than welcome to participate in your child's extracurricular activity program. Excursions for parents and children will be offered on weekends. Extra program offerings will be organized for parents.

Secondary Education

ages 10-17

The Concept

Going to school and living abroad for a period of time fosters adolescents' development and ensures a successful future for them in a job market that is becoming more and more international—studying in Germany would enhance any resume. Our "Going to school in Germany" program is geared towards highly motivated students between ten and seventeen years of age, and offers them the chance to participate in regular classes in German boarding schools. Upon successfully completing the leaving exams of a German college preparatory program (the Abitur), students here will qualify for admission to a German university.

Prerequisites

Besides having to demonstrate generally above average academic performance, foreign candidates must also have

sufficient knowledge of the German language to be admitted to a German school. This is why they are asked first of all to attend an intensive German language course for several months at our language center in Bad Schussenried (see page 20) or in Lindenberg (see page 22). Having completed level B2, students will be integrated into a class at a college preparatory boarding school appropriate to their age and abilities.

Transition Courses in Bad Schussenried and in Lindenberg

Our schools in Lindenberg and in Bad Schussenried offer our students ideal conditions to feel at ease and get used to a life in Germany. High-quality courses paired with a small number of students per class assure that students pick up the language quickly and thoroughly.

Program Schedule

Depending on their prior skill level, students will need approx. two to six months to reach the required level of German (completion of Humboldt level B2). Afterwards, we offer a 5-week transition course (see page 50).

Upon completion of this transition course, foreign students can transfer to a German boarding school. The Humboldt-Institut cooperates with highly respected boarding schools throughout Germany and will gladly help students find the right school.

Program Start

January 6, 2019	September 8, 2019
February 10, 2019	October 13, 2019
March 17, 2019	November 17, 2019
April 21, 2019	January 5, 2020
May 26, 2019	February 9, 2020
June 30, 2019	March 15, 2020
August 4, 2019	

Fees

German course (Bad Schussenried or Lindenberg):

€ 925.- per week

€ 40.- per week surcharge between June 9 and August 17, 2019

€ 800.- per week for at least 10 weeks

Boarding School: approx. € 1,900.- to approx. € 4,000.- per month

School Transition Course

ages 13-17

The Concept

After having successfully completed Humboldt level B2, our students will be able to continue their education in Germany at a Gymnasium. Here they can complete their leaving exams (see p. 48 / Secondary Education in Germany), which will qualify them for admission to a German university. In order to ease the transition between the German course and school attendance, we offer a special transition course aimed at teaching the terminology and methodology in the most important subject areas taught in school.

Content

The school transition course is organized into subject area modules such as the natural sciences (mathematics, physics, biology, chemistry) and the humanities (history, politics, geography, religion). The fine arts are covered as well. In addition to acquiring important technical vocabulary, students also learn how to summarize texts, work with sources, perform research and give presentations.

Role-playing simulation games and project work also teach students how to work in group settings.

Prerequisites

- Students may only enrol after successfully completing Humboldt level B2

in Bad Schussenried and Lindenberg

School Transition Courses

- 30 lessons per week
- Approx. 10 students per class
- Duration: 5 weeks

Included are

Lessons, teaching material, accommodation, full board, 24-hour supervision, daily leisure program, weekly excursions, entrance fees and a certificate of participation

Prep Year for Upper-Level Students

ages 15-18

The concept

The unique feature of the Prep Year for Upper-Level Students program is regular rotation between attending German classes and a regular secondary school, with students alternating between the Humboldt-Institut in Bad Schussenried and the Schloss Bieberstein boarding school. The focus at Bad Schussenried is on German as a foreign language, whereas students participate in regular classes in select subject areas at Bieberstein. After successfully completing the prep year, students can attend upper-level courses at Schloss Bieberstein.

Language preparation in Bad Schussenried

At Bad Schussenried, the Humboldt-Institut offers everything students need to feel at home and become accustomed to life in Germany. In addition to learning the German language within a short period of time through intensive study in very small classes, students also receive the support they need outside of the classroom and become acquainted with life at the boarding school community.

Preparing for upper-level coursework at Bieberstein

Besides continuing to deepen their understanding of German, students will focus their time at Schloss Bieberstein primarily on applying their new knowledge to reg-

ular coursework (mathematics, athletics, art, the natural sciences, English). Doing so will prepare the students specifically for the demands of the upper-level college preparatory curriculum.

Program schedule

The program begins with a German course at Bad Schussenried, after which students alternate between Bieberstein and Bad Schussenried at intervals lasting multiple weeks at a time. Transportation between the two schools is included. The prep year ends in July, and by that time students will be expected to have successfully completed B2.2 level language requirements.

Prerequisites

Applicants for the prep year will need to demonstrate that they have performed

in cooperation with *Schloss Bieberstein* boarding school

well at school in their home country, that their English skills are good, that they have completed at least the 9th grade and that they are between 15 and 18 years of age. No prior knowledge of German required.

Program Start

August 4, 2019
September 8, 2019
October 13, 2019

Fees

50 weeks: € 40,260.-
45 weeks: € 36,260.-

The Lindenberg Gymnasium

(preparation for the German "Abitur")

ages 10-17

The School

The Lindenberg Gymnasium (grades 5 - 12) offers two distinct educational tracks, one oriented towards language and one towards the natural sciences and technology. In addition to pure classroom instruction—instruction that meets the highest professional and pedagogical standards—the school also aims to educate its students to become engaged, tolerant and responsible human beings. Viewed from this perspective, school becomes a place that offers students life experience and helps them shaping their personalities. Students are not only encouraged to perform well and develop their talents—social responsibility, environmental consciousness and respect also play critical roles in the school community.

Academic Facilities and Services

- Large spectrum of elective courses and work groups
- Conflict mediation team
- Computer rooms and IT training
- Library
- School cafeteria
- Study trips

The Boarding School

Students are housed at the Humboldt-Institut boarding school in Lindenberg (see p. 22). The boarding school provides an attractive infrastructure and offers support services that cater to the special needs of the students. These benefits will help young people to integrate quickly into daily life in Germany, while nurturing their continued language development and—most importantly—helping them to establish and maintain social contacts. Besides their academic achievement, living and studying in a German environment with an international, cosmopolitan atmosphere also fosters the students' personal development.

Boarding School Concept

- Mentor program
- German language support program
- Supervised leisure activities & planned excursions
- 24-hour supervision
- Tutoring for homework
- Outdoor educational program
- Integration in local clubs and associations

Accommodation

- Twin rooms with shower and toilet facilities (single rooms available in 12th grade)
- 3 main meals and fruit during the day

Groups

Our Offer

The Humboldt-Institut organizes German courses at its course centers for various groups (minimum 10 students), including school groups, at very attractive rates. Students participating at those centers accommodating groups will receive free transfers plus a complimentary space for an accompanying adult.

Our year-round schools in Lindenberg, Bad Schussenried, Constance and Berlin-Mitte can accommodate groups throughout the year. During off-season, the terms offered at these centers are especially economical. Additional program centers are open in the summer.

In the afternoon students can test their knowledge and try out what they have learned with their classmates from all over the world. This enhances their motivation, promotes tolerance and contributes to the fun of speaking a foreign language.

Accompanying instructors and program supervisors are housed in single rooms with private facilities at all program sites.

Extracurricular Activities

After classes and on weekends we organize half-day and full-day excursions, contests and games. During winter we offer skiing courses in Lindenberg for an additional fee. While we organize a variety of daily after-class activities all year round, we are also happy to consider ideas and suggestions offered by students, instructors and program supervisors. For children and teenagers, we also guarantee reliable support and supervision around the clock.

Exams

We offer various levels of telc exams for groups upon request.

Arrival and Departure

For one-week stays, participants are to arrive on Sunday and depart on the following Sunday. For stays longer than one week, participants are to arrive on Sunday and depart on Saturday.

Included

Depending on the students' ages, groups will receive 25 or 30 lessons per week (each lesson = 45 minutes). Included in the price are course materials, accommodations at the boarding school, meals, daily after-class activities, excursions, entrance fees, support and supervision, and one transfer from the airport to the school and back. A complimentary place for an accompanying adult is available for groups of 10 students or more. There are approximately 15 students in one class.

Further Information and Fees

Please ask for our school and group trip program.

Important Information

Enrollment

Please send all enrollment forms and payments for **all** program sites to the following central address:

Humboldt-Institut e. V.
Schloss Ratzenried
88260 Argenbühl
Germany

info@humboldt-institut.org

Health

Please indicate any health problems (e.g., allergies) and dietary restrictions (vegetarian, diabetic, Muslim) on your enrollment form. Minors must provide the telephone number and email address of a parent or guardian. Adults may provide a contact number in case of emergency.

Health Insurance

Program participants can take out a traveler's health insurance policy through the Humboldt-Institut (€ 2.- per day). The Humboldt-Institut does not provide personal liability insurance or insurance covering damaged or lost luggage.

Visas

If you need a visa, we will send you an invitation to the language program once we have received your enrollment and program confirmation. You will then need to request a visa from your nearest German foreign office (embassy or consulate). To apply for a visa, you will need to provide the following:

1. Our written invitation
2. Proof of health insurance (If you have taken out a traveler's health insurance policy through the Humboldt-Institut, we will send you the corresponding confirmation.)
3. Proof of ability to finance your stay in Germany (A proof of payment either from

us or from your own bank showing the payment of the program fees will suffice.)

We will be happy to provide assistance should you have any difficulties obtaining a visa. In cases like these, please contact us immediately.

Arrival and Departure

Day of arrival is Sunday before a course begins. Day of departure is Saturday. Classes are held from Monday till Friday.

Transportation

We provide group transportation to and/or from the airports indicated in the program descriptions for a fee. Please indicate on your enrollment form if you would like to make use of this service. If you do, our program supervisors will pick you up in either a car or a minibus when you arrive at the airport or railway station and, if desired, will take you back at the end of the program. Transportation to and from the indicated railway stations is free.

If you do not know your arrival time and flight number when you enrol, please provide us with this information 1 week before you depart so that we can organize transportation. Longer waits may result for anyone who is late in submitting his/her information.

We must be advised beforehand if a person is travelling as an Unaccompanied Minor (UM).

Pocket Money

For children and teenagers we recommend € 20.- to € 40.- per week.

Laundry

Free laundry services are provided at nearly all course centers. Coin-operated washing machines are provided at the other course centers generally.

Additional services

Wednesday prior to arrival is the latest possible opportunity for canceling additional, fee-based services, such as riding, sailing, skiing, etc. After this day no refund will be given.

Latin Alphabet

Foreign participants attending a German course at the Humboldt-Institut must already have a good command of the Latin alphabet or must learn the alphabet with us in individual sessions prior to beginning the program.

Additional information can be found on our website under The Institute/FAQ.

General Conditions

1. Enrollment

Please send the enrollment and payment for **all courses** to:

Humboldt-Institut e. V.
Schloss Ratzenried
88260 Argenbühl
Germany
Fax: (+49-7522) 988 988

2. Conditions of Payment

Upon receipt of the invoice, a down payment of € 200 and, 30 days before a course begins, final payment must be made. For courses lasting 10 weeks or longer, fees for the first 10 weeks must be paid before the beginning of the course. The remaining fees can then be paid in installments.

3. Cancellation of Enrollment

Cancellation can be made either by email, fax or mail. For a cancellation made up to four weeks before a course begins, a fee of € 50 is payable. Up to 14 days before course start € 200 and thereafter € 500 is payable. In case of non-appearance without previous cancellation, a four weeks' fee is forfeited. The course participant shall be entitled to provide evidence that in a specific case an appropriate amount is substantially lower than the flat rate amount. We recommend acquiring a trip cancellation insurance, so that you will not lose your tuition fees in case of illness. Wednesday prior to arrival is the latest possible opportunity for canceling additional, fee-based services, such as riding, sailing, skiing, etc. After this day no refund will be given.

4. Curtailment of Course

A student must give at least four weeks notice of intention to curtail the course. However, a long-term course, (i.e., a course to which reduced course fees are applicable) cannot be curtailed before the end of the first 10 weeks.

5. Complaints

Complaints must be filed immediately and in written form by contacting info@humboldt-institut.org or by sending a letter to the address listed under item 1.

6. Absence at the Beginning of or During a Course

Fees will not be refunded if a student misses a course or begins a course late. Late payments do not void one's payment obligation. Courses will not be extended to compensate for absences.

7. School Regulations

All students have to abide by the school rules. In case of a severe offence, the school authorities reserve the right to exclude a student from a course. Partial reimbursement of course fees is only possible for courses lasting more than four weeks beyond the expulsion date. Item No. 4 of these general conditions shall apply to any long-term course for which course fees have been reduced.

8. Responsibility for Minors

The managing director of the Humboldt-Institut and/or an employee authorized by the director will assume responsibility for minors throughout the duration of the language course, i.e., this individual will assume the rights and responsibilities associated with the rights of parental custody.

9. Liability

The Humboldt-Institut will make every effort to duly fulfill the contract. In case of a claim for a refund the amount repayable shall be proportional to the amount paid, but in no case greater than the total amount paid. The Humboldt-Institut does not hold liability in case of non-fulfillment of obligations under contract resulting from force majeure.

10. Data Privacy

We collect, process, and use personal data only insofar as it is necessary to establish, or modify legal relationships with us (master data). This is done based on Art. 6 (1) (b) DSGVO, which allows the processing of data to fulfill a contract or for measures preliminary to a contract. Collected customer data shall be deleted 3 years after termination of the business relationship. Legal retention periods remain unaffected. As permitted by law, you have the right to be provided at any time with information free of charge about any of your personal data that is stored as well as its origin, the recipient and the purpose for which it has been processed. You also have the right to have this data corrected, blocked or deleted. Regarding the internal use of your postal or email address for marketing purposes (newsletters, brochures, etc.): you may unsubscribe from these mailings at any time by sending an email to info@humboldt-institut.org or by writing to the address indicated under item No. 1.

11. Place of Jurisdiction

German law shall apply in the event of any disputes. Wangen im Allgäu is agreed upon as the place of jurisdiction.
