Welcome

# Hello

Oxford International is a well-established provider of high-quality group courses for international adult and junior students.

## 6 Preparing students for the future in 6 different locations

Each of our six English Language Schools – Greenwich, Oxford, and Brighton in the UK; and Vancouver, Toronto and San Diego in North America – deliver courses and activities aimed at developing students' English language abilities, while enabling them to discover the different cultures and explore the main attractions around the local area.

## Courses developed for the changing needs of international students

We understand that more and more students are looking for unique experiences and tangible learning outcomes during their language travel programmes. As a result we have developed a wide portfolio of academic, subject-specific, and business related programmes that combine the activities and academic content to match what students today are looking for.

## Delivered by passionate and dedicated staff

Courses are led by a professional and friendly team, and English lessons work on the essential skills of reading, speaking, listening and writing. Lessons have a strong grammar and vocabulary component appropriate to the level of the class, and students are given many opportunities to practise their English in real-world situations. Whether it's to improve English fluency, explore a new culture, or just to have a unique experience abroad, Oxford International offers a fun and diverse selection of programmes that suit all levels of English and areas of interest.

We hope this brochure gives you a flavour of what we offer. However, to really understand what makes us different we invite you to visit or contact us to learn more, and discover the unique opportunities we provide.

## Academics

General English: Our Oxford International academic team designs all teaching and learning materials for our courses in-house. The content and design of the materials is informed by student and teacher focus groups. We frequently revise our syllabus to ensure that the next edition of course books are fresh and relevant to the students' needs.

Students aged 16+ are welcome to integrate into our adult classes where there is space in classes.

English for Specific Purposes (ESP): We will be very happy to offer existing ESP syllabus to your groups in areas such as Business, Finance and University Preparation as well as combined courses. If you have specific requirements, we will be very happy to design a unique syllabus for your group.

## Activities

Our basic programme is focused on making the most out of the history and culture of each location as well as weekend trips to other cities in the UK. All activities are led by our trained and friendly Activity

Leaders and focus on imparting useful and interesting information to students as well as ensuring the safety and welfare of our students whilst travelling. We are happy to personalise the activity programme and have a range of subject related visits and workshops – contact us for more details.

## Safety & Welfare

Each of our schools has a dedicated member of staff for groups. This person will be the main contact for group leaders during the stay. As well as this our senior staff in each school are trained in safeguarding and each school has a 24 hour emergency phone number. Students are given lanyards on arrival with emergency contact details printed on.

‘The classes were perfect to practise speaking and communication. You can develop friendships from all over the world.’

# North America Overview

## Programme Dates:

Our group programmes are offered year-round with some season-specific programmes available at our various school locations.

## Lesson Times

**Monday:** 09:40-12:40, 13:40-14:30

**Tuesday - Friday:** 08:50 - 12:40

## Ages

We offer courses for students from the age of 12 and up. Students 16 years and older can be integrated in with our adult school to provide a strong nationality mix in the classroom environment.

## Academics

Our General English programme utilises a combination of teaching and learning materials designed in-house and materials from accredited external sources. We frequently revise our syllabus to ensure that courses stay relevant to the students' needs. In order to ensure the best possible learning environment, class sizes are an average size of 12-15 students. We are happy to provide English for Specific Purposes (ESP) including Business + Finance and University Preparation. If you have specific academic requirements, we will be delighted to design a unique syllabus to fit the needs of your group.

## Integrated Classes

Students aged 16+ are welcome to be mixed with our general adult classes. We encourage eligible students to choose this option so they can experience our strong nationality mix and learn alongside students from all over the world. Students under the age of 16 will study in closed classes, allowing for more customised syllabi if required.

## Activities

Our activity packages provide students with a fun and exciting experience while exploring top North American destinations and learning about a different culture. One weekend activity per week is offered in the standard programme where students will spend a full day at one of the many highlights of these major cities. All activities are run by our trained and friendly Activity Leader staff whose goal is to keep the students safe while teaching them about local culture and ensuring they are having fun.

## Safety & Welfare

Keeping our students safe is a top priority in all of our programmes. Each location has a staff member dedicated to groups who will be the main point of contact for Group Leaders for the duration of their stay. All of our staff care about the welfare of our students and there is no shortage of help should the group need it. Students will be provided with lanyards upon arrival that contain the school address, phone number, and the phone number for the emergency phone, available 24/7.

## Accommodation

Homestay is offered as the standard accommodation for groups. All of our schools have an on-site Accommodations Coordinator who places all of our students and is there for support throughout their stay.

Our standard for groups is full-board homestay where hosts will provide students with breakfast, lunch, and dinner every day. However, groups may opt for our half-board option, which includes breakfast and dinner every day, leaving students responsible for their own lunches.

All of our wonderful and friendly homestay families are located within 60 minutes of the school by public transit. Students will be

double placed in homes that have been personally inspected by our Accommodation Coordinators and meet all of the regulations set by Languages Canada for our Vancouver and Toronto schools and CEA for our San Diego school.

Our hosts are always happy to welcome students into their home and offer a helping hand to their students in their transition into a new culture.

All of our homestays will offer the following to ensure a comfortable living environment:

- A bedroom and common areas that are in a proper state of cleanliness and repair.
- Adequate heating and lighting.
- A table/desk for private study.
- Sufficient washing facilities and access to a bathroom with a bath or shower daily.
- Towels, sheets, blankets, pillow, and pillowcase.
- Laundry facilities.

Our Accommodation Coordinators will also ensure that all of the following standards are met:

- No more than four students in a homestay at any one time.
- No more than two students will be placed in the same bedroom unless requested in writing by the student, their agent, or their parent/guardian.
- No other students who speak the same native language will be placed in the same homestay.
- No students in the same home of the opposite sex
- English will be the language of communication in every homestay.
- Hosts will ensure that an adult is available to receive students on first arrival.

## Travel

We advise that all groups include travel cards/bus passes in their packages in order to ensure smooth transportation to and from school and activities.
